

Urantia Book Fellowship – Uversa Press Committee Report – Jan. 2013

1. In 2012 we printed approximately 11,000 copies of our 4th edition of The Urantia Book which includes the Standard Reference Text (SRT) spearheaded by 1000s of hours of work by Merritt Horn, and with its new cover design by Gary Tonge. Gary's artwork was chosen from among 26 other designs by an overwhelming majority of the votes cast by about 300 of the total membership who voted.
2. In 2012 we distributed a total of 5,336 Urantia Books: 2420 Soft Cover, 1568 Hard Back, 48 Leather Bound, and 1300 E-Books thru Amazon.
3. Work has almost been completed on an update of the E-Pub version of the UB and its index by Emilio Coppola and Chris Lepine.
4. We have begun to train and utilize a team of volunteers to go to book stores and introduce and sell our UB into those stores. This effort is being spearheaded by Andrea Barnes our Volunteer Coordinator. Our goal is to eventually reach out to a majority of the 3500 independent bookstores that our distributors serve across the U.S.
