

Report to the UB Executive Committee Nov 4th 2014,
regarding questions Asked & Answered by a Fellowship Member.

Judicial has been asked if the two Strategic Visioning motions the GC passed on July 25-26 2010 in Chicago, are still valid.

Having reviewed GC, EC and IT Minutes and e-mails and other reports, no evidence has been uncovered that either the GC or EC has discussed or in any manner considered rescinding or amending either of these two motions.

Therefore, it is the conclusion of Judicial that these Motions are fully active and in force.

The full text of these two motions are attached.

In Mutual Service to The Fellowship,
