Dear Ted,

We understand the Austin group has begun running an announcement mentioning The URANTIA Book in association with our broadcast over KLBJ. This contradicts the "no publicity" policy of URANTIA Foundation and URANTIA Brotherhood which the Family of God Foundation fully supports, and we will in no way participate in the violation of these policies. Unless advised of the discontinuance of such an associated announcement, we will have no choice but to stop sending out our radio tapes.

Yours in our Father's family,

Vern Bennom Grimsley
