

Marian:

I am leaving Mr. Weiss' last report here for your perusal. You will note he wants some pins sent to him for a Mr. Traschler. We discuss this in our Executive Meeting and all present were against such action. When and if Mr. T. becomes well enough acquainted with the Urantia Book and its teachings and is so recommended by Mr. Weiss we could, some one suggested, suggest he become a member at large but for the present it was the concensus that you advise Mr. Weiss that there are restrictions on the passing out of pins, (since this is a Brotherhood undertaking.)
