Notice to the Friends of the URANTIA Revelation

It is with considerable regret that the Trustees must report to the friends of the URANTIA Revelation that it has been necessary to institute court proceedings to seize all available copies of an unauthorized edition of the French translation of The URANTIA Book.

After many years of continually deteriorating relations with M. Jacques Weiss, and after all conceivable and fair means of reconciliation--short of complete capitulation--have been utterly exhausted, including personal conferences both here and abroad and voluminous correspondence, no other course of action was available to the Trustees but to resort to legal proceedings to reaffirm the Trustees' custodial control over the French translation of The URANTIA Book.

The Trustees are firmly resolved to fulfill their sacred trust by using every available means to guarantee the safety of The URANTIA Book wherever it may appear.
