Contribution from
Sir Hubert Wilkins

Regarding the \$100 check from Sir Hubert which you have allocated to personal books and which I thought belonged to the General Fund, let me quote from his letter of June 30 to Dave Adler:

"Herewith please find a check for \$60 for twelve month's subscription toward the budget of the respective committees of the Brotherhood and a check for \$100 toward the distribution of books by the Foundation."

To me, that means that the \$100 goes in the gift book fund and not for personal books. He goes on to say that he wants to buy 20 personal books and will pay for them at the price agreed upon at the time. You had this letter and after detaching the checks, turned it over to me to answer, which I did on August 10, thanking him for the checks for the two special funds.

His letter of Sept. 8 lists the 20 people to whom he wants to give his 20 books and says he will send a check for 20 at \$7.50 plus postage whenever I want it. I'm writing him tonight, telling him we'd like the check now.
