

1) Space Potency [ABSOLUTA]
- This is the unquestioned free space presence of the Unqualified Absolute.

2) Primordial Force [SEGREGATA]
- The first basic change in space potency and may be one of the nether Paradise functions of the Unqualified Absolute.

3) Emergent Energies [ULTIMATA]
- *Puissant Energy*: powerful-directional, mass-movemented, mighty-tensioned, forcible-reacting.
- *Gravity Energy*: gravity-responding energy, active ancestor of all universe matter.

4) Universe Power [GRAVITA]
- Physical energy directed into channels of power to serve the purposes of the universe Creators.

5) Havona Energy [TRIATA]
- A pre-existent phase of energy which is characteristic of the central universe.

6) Transcendental Energy [TRINOSTA]
- Operates on and from the upper level of Paradise in connection with the absonite.

7) Monota
- The living, nonspirit energy of Paradise--an eternity counterpart of the living, spirit energy of the Original Son--hence the nonspiritual energy system of the Universal Father.

Seven Classifications of Physical Energy
