

### **1) Incomplete Finites**

- The present status of the ascending creatures of the grand universe, the present status of Urantia mortals.

### **2) Maximum Finites**

- The present status of all experiential creatures who have attained destiny within the scope of the present universe age.

### **3) Transcendentals**

- The superfinite level that implies the prefinite genesis of finite beginnings and the postfinite significance of all apparent finite endings or destinies.

### **4) Ultimates**

- Realities existing in fullness of expression in contrast to those which carry undisclosed capacity for growth.

### **5) Coabsolutes**

- The projection of experientials upon a supermaster universe field of creative expression.

### **6) Absolutes**

- The eternity presence of the seven existential Absolutes, may also involve some degree of associative experiential attainment.

### **7) Infinity**

- Pre-existential and postexperiential. Unqualified unity of infinity is a hypothetical reality before all beginnings and after all destinies.
